JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Water-Closets and Privies—Location and Maintenance—Disposal of Night Soil.
(Reg. Bd. of H., May 5, 1916.)

4. *Prohibition of soil pollution.*—Every house or other place used as human habitation in the State, every place of business and every pleasure, recreation, or construction camp, shall be provided with a decent closet or privy where human excrement is so disposed of that the excrement can not endanger a source of drinking water and can not be accessible to flies or animals.

5. No person, firm, or corporation shall maintain or permit on premises owned by him any arrangement for the disposal of human excrement which may possibly endanger a source of drinking water or be accessible to flies or animals.

6. No person shall deposit any human excrement upon the surface of the ground or in any place where it may be exposed to flies or animals.

Hotels, Restaurants, and Lodging Houses—Screening Against Flies Required—Protection of Water Supply. (Reg. Bd. of H., May 5, 1916.)

59. *Fly screens in hotels.*—The owner, proprietor, or lessee of every watering place, hotel, inn, or public lodging house in Virginia shall protect his kitchen and dining room against flies, by placing adequate screens in the windows and doors.

60. *Water supply of hotels.*—Every such owner, proprietor, or lessee shall protect from possible contamination the springs, wells, cisterns, or reservoirs from which the drinking water furnished the guests is drawn, by installing proper pumps, pipes, faucets or dipping devices which will attain this end.

Churches, Theaters, and Other Buildings Used for Public Meetings—Cleaning and Ventilation—Spittoons. (Reg. Bd. of H., May 5, 1916.)

46. *Ventilation and general sanitation.*—Every church, hall, theater, or other building used for public meetings shall be kept at all times in a clean and sanitary condition. Every such building shall be provided with proper means for maintaining the purity of the atmosphere while in use and such means must be employed at all times.

47. *Cleaning and dusting public halls, etc.*—All buildings used for public meetings shall be cleaned after each meeting held in them, such cleaning to consist of thorough sweeping of floors and wiping of woodwork, together with the opening of all windows and doors to permit the entrance of fresh air and sunshine. No such building or room shall be swept without first sprinkling the floor with water or throwing on it damp sawdust or other adsorbent material to prevent dust. Woodwork shall be wiped down with a damp cloth, and dry dusting with feathers or dry cloths shall not be practiced. In construing this rule, all meetings held during the course of a single day shall be regarded as one meeting.

48. *Expectoration in public halls, etc.*—An ample number of spittoons or cuspidors shall be furnished, which shall contain sufficient water to stand one-half inch deep on the bottom. They shall be emptied, washed, and disinfected with an improved disinfectant after each day's use.

Railroad Coaches and Stations—Toilets—Cleaning and Disinfection—Spitting and Spittoons. Street Cars. (Reg. Bd. of H., May 5, 1916.)

38. *Toilets in coaches.*—All railroad coaches used by passengers shall be provided with toilet facilities, which shall at all times be kept in clean and sanitary condition. The floors of all toilets shall be of impervious material and shall be washed with an approved disinfectant solution at the end of every run. The seat, hopper, and woodwork of these toilets shall be cleaned and washed with a disinfectant solution at the end of every run. Every closet shall be provided with proper ventilation sufficient to maintain the purity of the atmosphere.
